ACCESS for ELLs 2.0: Links to Important Test Preparation Resources

- **ACCESS for ELLs 2.0 Assessment Home Page**

  Home page with links for all other resources; includes basic description of the assessment. Most of the resources are available without a login.

  LINK: https://www.wida.us/assessment/ACCESS20.aspx

- **ACCESS for ELLs 2.0 FAQs**

  LINK: https://www.wida.us/assessment/access20-faqs.aspx

- **Technology**

  Overview of the technology requirements and links to supporting documents. WIDA has pointed out the importance of having an assessment implementation team that includes a technology coordinator.

  LINK: https://www.wida.us/assessment/access20-tech.aspx

  - **HEADSET SPECIFICATIONS**

    The speaking component of the ACCESS for ELLs requires a headset with the capability to record student responses to prompts.

    WIDA has provided a useful document to help districts in making headset purchase decisions.

    LINK: https://www.wida.us/assessment/ACCESS%202.0/documents/Headset-specifications.pdf

- **Preparation Resources**

  The preparation resources section has a list of all the available resources with release dates for components that are in development. These lists can be differentiated by role (Test Coordinator, Test Administrator, and Technology Coordinator).

  LINK: https://www.wida.us/assessment/access20-prep.aspx

  - **Checklists**

    WIDA has created role specific checklists that will guide test preparation. These should be disseminated by the System Test Coordinator to each educator who will be a part of the administration of the ACCESS for ELLs 2.0 assessment.

    STC Checklist

    Test Administrator Checklist

    Technology Coordinator Checklist
